In 1993, Clara T. Rankin founded Hopewell as Ohio’s only therapeutic farm community for adults with serious mental illness. Funding was raised, a 325-acre farm located in Amish country was purchased, and the new nonprofit organization began the process to secure licensure. On February 3, 1996, the first resident was admitted.

Hopewell serves adults 18 years of age and older who have a primary diagnosis of schizophrenia, schizoaffective disorder, bipolar disorder, major depression or other forms of mental illness.

Using the healing power of nature, meaningful work and therapeutic community, and with a highly skilled and caring staff, Hopewell aims to transform the lives of adults dealing with mental illness.

In a safe environment and within an atmosphere of respect and acceptance, residents develop the skills and outlook they need to manage their illness, create new goals and move on to more independent living situations.

**OUR MISSION**
Hopewell provides an opportunity for adults with serious mental illness to experience a self-reliant and satisfying life through participation in a vibrant residential therapeutic farm community.

**OUR VISION**
We believe that everyone can experience success, find a life of purpose and feel hope.
THE HOPEWELL HEALING MODEL

Hopewell is one of only five therapeutic farm communities in the country serving people with serious mental illness. Hopewell’s successful, unique approach to holistic mental health care is based on a combination of:

- a safe, secure and respectful environment;
- the healing power of nature;
- the therapeutic value of meaningful work;
- the concept of “therapeutic community,” in which the community itself is a catalyst for positive change;
- a highly-skilled and caring staff; and
- health care and mental health care best practices.

Organized in work crews, residents and staff together assume the major responsibilities for the farm’s daily activities. In addition, they participate every day in creative, social, educational and clinical programming, including group counseling, creative expression, art therapy, equine-assisted learning, meditation and spirituality, music, education (high school diploma or GED preparation), money management, independent living skills and interpersonal relationship skills.

Hopewell is the only residential mental health facility in Ohio that provides this type of treatment-based, community-centered care.

Hopewell is a nonprofit, private-pay facility. Some fee assistance is available after the first two months of residency. Philanthropic support allows Hopewell to offer reduced fees to 90% of its residents’ families each year.

For information about Hopewell’s admission and referral process, call 440.426.2000, ext. 1220, or visit our website at www.hopewellcommunity.org/admissions.
Throughout 2021 Hopewell celebrated our Twenty-Fifth Anniversary of service to adults with serious mental illness.

We celebrated despite the continuation of a global pandemic, and civil, political and economic unrest in our country. Through these challenges, our Board and staff successfully remained focused on keeping our community safe and healthy, and continuing to provide the best mental health care possible for our residents.

As you review this Annual Report, you will see the many milestones that Hopewell has achieved, building on the vision of our founder, Clara T. Rankin. These milestones were only achieved because of the community of expert clinical staff, generous financial supporters, and many volunteers who remain committed to Clara’s vision of a thriving and effective organization.

While we continue into our second quarter-century of service, we express our sincere gratitude to the many individuals, companies and foundations who continue to support our mission to provide access to our unique and effective healing model (described on page 1) for people in need.

Thank you for your generosity.

David H. Shute
Executive Director

IN MEMORIAM

The Hopewell community is saddened by the recent passing of several of our longtime supporters.

Dr. Daniel Edson Schweid, M.D. was a member of the Hopewell Board of Directors from 1999 until he passed away on January 23, 2021. Hopewell clinical director Daniel Horne remembered Dr. Schweid as a “wonderful psychiatrist to many in his career, and tireless advocate for Hopewell.”

William D. Ginn was a member of the Hopewell Board of Directors from 1993 to 2014, and a member of our Council of Advisors until his passing on June 12, 2021. Serving on more than 100 nonprofit boards and committees during his lifetime, Mr. Ginn will be remembered for his tireless advocacy for those in need.

Kathryn “Kitty” Makley passed away on September 28, 2022. Kitty played a vital leadership role at Hopewell, joining the Board of Directors at the organization’s inception.

Hopewell founder Clara T. Rankin described Ms. Makley as a “generous supporter, a fundraiser, and a volunteer whose leadership and involvement helped us grow into the organization we are today.”

Finally, we note the recent passing of Toby Devan Lewis, whose steadfast and leadership support of Hopewell, including her service on the Board of Directors and Council of Advisors, inspired the generosity of many to help adults with serious mental illness.
